

# TLF's Roadmap to... GDPR

Having our ISO 27001 accreditation and being a company partner of the Market Research Society has been a good base for our GDPR preparations. TLF will be GDPR compliant by March 2018 and below is our roadmap in to 2018.

With the likely increase of press coverage around GDPR next year TLF has put extra effort in to training for our people to reassure respondents and answer queries clearly and accurately.

If you have any questions about our processes for GDPR then please feel free to ask Joanne Wainwright : [joannewainwright@leadershipfactor.com](mailto:joannewainwright@leadershipfactor.com)
